

Top 10 Reasons to Buy OpenSpace

Why Are GCs, Specialty Contractors, and Project Owners All Using OpenSpace?

Document sites faster

Capture a complete record of your jobsite quickly.

1

Novo Construction completes its site documentation

95%

FASTER

Reduce site visits

Check progress remotely to save time and money.

2

Power Design has been able to save up to

50%

ON TRAVEL COSTS

“

If a 2D picture is worth a thousand words and a 3D picture is worth a million words, then an OpenSpace capture is basically priceless.

Eleftherios Pittas
Director of Design and Construction

TISHMAN SPEYER

Resolve disputes easily

Use 360° images to confirm exactly what was completed on each day.

3

Broccolini saved

\$12,000

ON BILLING DISPUTES

Allocate resources better

See where your team is falling behind and adjust immediately.

4

Boldt Company achieved

20%

FEWER SCHEDULING DELAYS

Keep teams accountable

Coordinate with project stakeholders more effectively.

5

Suffolk Construction achieved

one month

ACCELERATED PROJECT DELIVERY

“

We were faced with an extremely aggressive schedule, but OpenSpace helped me manage the installation with the trade partners and keep the project on track.

Max Sanchez
Assistant Superintendent

Suffolk

Avoid destructive investigations

See through walls, ceilings, and floors so you don't have to break and rebuild them.

6

Kitchell Construction saved

\$30,000

BY AVOIDING REWORK

Speed up field notes & reporting

Take a photo, attach notes, and upload with just a few clicks to improve coordination.

7

Commodore Construction found that it's

5-10X

FASTER TO TAKE FIELD NOTES

“

You can take 100 photos of every room manually, and I guarantee that the one photo you need won't be there. That's where OpenSpace is great. It captures sites thoroughly and fast, organizes imagery without any effort, and makes it searchable later when you need it.

Chris O'Neil
Director of VDC

LEE KENNEDY
Let's build on big thinking.

Reduce time spent on scheduling

Make scheduling go faster every day with 360° images.

8

10-15%

UNDER BUDGET

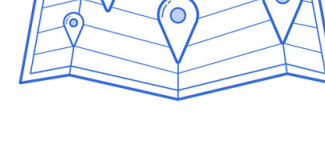

OpenSpace by the Numbers

11 billion square feet captured to date

20,000 construction projects captured so far

Projects in 91 countries

The OpenSpace Difference

Fast

Capture 150,000 square feet per hour, hands free, with images automatically mapped to plans. Images are typically mapped and published on average in 15 minutes.

Easy

Capturing adds little to no extra work for field teams. Turn the 360° camera on, tap go, and walk the site like normal. It's that simple.

Powerful

AI-powered Vision Engine, analytics tools, and BIM integration provide critical information to make decisions and get the job done.

Reliable

OpenSpace scales with you (security, pricing, admin features, servers), from quick renovations to multi-year megaprojects, from single jobsites to global portfolios.
